THIS TOWN GROWS

Penokee, in Graham County, Has Station Agent.

Union Pacific Ticket Office First There in 18 Years.

ROOM FOR BUSINESS.

Advent of a Blacksmith Would Be Satisfying.

L. P. Millrons Is Postmaster, Mayor and Tradesman.

Penokee, Kan., July 21.—This Graham county town has been growing so rapidly the last two years that the Union Pacific is putting in a station agent, the first one for 18 years. The original name of the town was Reford, and why the name of Penokee was substituted instead the people can not recall. It was a trading point in the days of Reford, and no boom hit it and the business and buildings moved away. The same conditions hit many towns in northwest Kansas.

In April, 1906, L. P. Millrons engaged in business here. Besides handling hardware and implements, he is manager of the only elevator here, and takes care of the postoffice as well. He also has been given the title of mayor of Penokee, but he is modest. The people here already with one accord will heartily welcome every legitimate business enterprise wishing to locate in Penokee. They all say a blacksmith will do well here.

One of the big enterprises for the town is the starting up of a lumber yard. Collins Brothers, successful business men of Morland, have built sheds and put in a stock of lumber and all kinds of building material at a cost of about \$15,000. There was marketed at the Penokee station last year of both wheat and corn about 100,000 bushels, of which amount about one-half was wheat. The wheat in this vicinity is better than a year ago, and the chances now are that the shipments will be one-third larger if not more.

According to C. T. Draper, a merchant, who has been living in Graham county for 18 months, and was born and raised in Missouri, he preferred to live and do business here because there is more money in this section than there is in Missouri.

Other business men in Penokee are J. W. Green and D. Shively. The country is populating rapidly, and the farmers are making money.

OTTAWA RUNAWAYS RETURN.

Family Is Divided After Woman Gets Home From Topeka.

Ottawa, Kan., July 21.—"I am not to blame for all our trouble," was Mrs. Mary Cox's explanation of the affair which has been considerably split up the Cox family in the last few days. Mrs. Cox and the children and Fred Hockenberry returned last night from Topeka where they had driven Saturday and Sunday.

"My husband told me when he was mad at me that he would sell the furniture in the house and follow me if I left. I told him that I'd go to my mother's and he told Hazel that he'd meet us at every jump in the road."

The result of the escapade of Mrs. Cox and Hockenberry is that the Coxes will not live together. That is the present arrangement. The wife met Mr. Cox's demand for the children, with the offer to let the children decide for themselves, except the baby, whom she avows she will not part with. So Hazel Cox will live with her father in North Ottawa, Mrs. Cox and the baby will take rooms on the South side and Fred and the burro are yet to make their choice. And as for Hockenberry, he will not be considered in the moving plans of the family—for the family fully expects to move in a short time.

TO TAKE TRIP AROUND WORLD

Man Who Accompanied Jack London In Snark Will Visit Him

Independence, Kan., July 21.—Martin Johnson of this city, who made the trip through the south seas and the Solomon Islands with Jack London on board a 45-foot boat, the Snark, today disposed of his interests in the Snark Amusement company which will start in two weeks for a trip around the world lecturing where opportunity offers.

He will be accompanied by his wife to whom he was married this spring. Mr. and Mrs. Johnson will visit the Londons in California before sailing for the South Sea Islands.

TWO KANSAS TRUSTEES GONE.

One Had Three and the Other One Year Yet to Serve.

Leavenworth, Kan., July 21.—John Sportman and John Wilgus, trustees at the Kansas penitentiary, escaped last night. One slept at the cow barn and the other at the hog barn, a mile apart. They were missed when it came time to check in at 5:30 o'clock this morning.

Farmers in the surrounding country were notified and a large force of guards are out, Wilgus had three more years to serve on a seven year term for stealing. Sportman had less than a year to serve on a five year term for grand larceny.

HUTCHINSON MAN AN HEIR.

Money Found in Trunk After Uncle's Death in Ohio.

Hutchinson, Kan., July 21.—On the road selling gas machines, Charles Kuhn, a resident of Hutchinson, does not know that a fortune of \$18,000 awaits him in Cincinnati, Ohio. An uncle was killed and left no will. He was not thought to possess much money but a trunk filled with currency and papers, showed that he had been leading the life of a miser for a number of years.

HUTCHINSON RIVALS CHICAGO.

New Board of Trade Receipts Are 56 Cars of Wheat in a Day.

Hutchinson, Kan., July 21.—The wheat receipts of the Hutchinson board of trade yesterday were fifty-six cars, eclipsing the receipts at Chicago. The Hutchinson board of trade was formed about two weeks ago and its receipts today are the heaviest since it opened for business.

Killed and Thrown From Train.

Wichita, Kan., July 21.—A coroner's jury investigating the death of Edward Williams, found dead along the right of way of the Santa Fe railroad near Valley Center, north of this city, July 13, this morning returned a verdict that he had been killed and then

thrown from a moving train. The train crew of No. 44, freight, is involved by the verdict, as hanging to the trucks of the tender in this train, a shoe believed to have been worn by Williams was found. Williams' home was at Mountain Grove, Mo.

HAYS STATION PROSPERING.

Good Crops Are Harvested and Interesting Tests Made.

Hays, Kan., July 21.—Few persons know that near Hays is a farm kept and supported by the state of Kansas, which in time, will be an important factor in the raising of crops in this state. Every kind of experiment has been tried and the farm has just passed the test of the state of Kansas, under the supervision of the president of the State Agricultural college at Manhattan.

Leading to the farm proper, where all the buildings are located, is a drive, a sort of parkway upon which every kind of tree is planted. It is a good place to see just what kind of trees will thrive in the Kansas climate. The elms seem to be the most thrifty. In another place is a beautiful orchard: apples, peaches, pears, cherries and every conceivable fruit. Fruit trees have been imported from every part of the United States and experiments are being made to their adaptability to Kansas climate and soil conditions.

Last year some interesting experiments were tried. The California hard wheat seed was planted here in Kansas soil. It developed into Kansas soft wheat. The Kansas hard wheat was planted in California soil, especially brought here for that purpose, and it developed into California soft wheat. So various states and localities were represented, even as far east as New Jersey. By another year, Kansas will have a complete farm.

DIODENES' IDEAL A KANSAN.

Leavenworth Man Paying Father's Debts After 20 Years.

Leavenworth, Kan., July 21.—A story sent out several days ago by the Associated Press relative to the finding of the man whom Diogenes spent years in looking for, did not mention an important fact locally. The story is that of a man, who after twenty years' time, is now paying the debts of his father, with interest in full.

This man, left practically without his father's death, is Fred Tench, a member of the firm of Tench & Tench, possibly the leading contractors for structural iron and steel work in the United States.

This firm was organized in Leavenworth. It was in the year 1892 that the terminal bridge was completed by the Union Bridge company. That company had an immense corps of employees in Leavenworth for over a year and they were under the direction of Fred Tench, business representative, and Mr. Tench, the other firm member, then superintendent.

The firm built the Manhattan bridge across East river and now is at work on the \$101,000,000 Pennsylvania terminals in New York. The contract for its organization and Tench used his share of the profits to pay his father's debts, with interest in full for the time since 1888. The debts have more than doubled but they are being paid. Tench is still advertising for any person who may have a bill against the former firm of Tench & Son.

PACKERS TO SPEND \$60,000.

Dold Company Will More Than Double Their Capacity.

Wichita, Kan., July 21.—The Dold Packing company is ready to build a substantial addition to its beef house to cost \$60,000. The contract has been awarded to the Wurster Construction company and work will begin immediately. The clearing of the ground for the new building has been commenced.

Plans for additional capacity in the beef house have been under way for the past six months. These were started this week. The new building will be ready for use by October 1.

Another improvement, which the Dold company will make this summer is a water softening and purifying plant. This plant will soften and purify all the water used in the boilers, the ice factory and hydrants of the packing house. The capacity of the plant will be 300,000 gallons per day. It will cost \$7,000.

PARALYSIS CLAIMS ANOTHER.

Four-Year-Old Son of Robinson Man Had Been Ill Since Sunday.

Hawatha, Kan., July 21.—The 4-year-old son of David Glens of Robinson, Kansas, is dead of infantile paralysis.

The child had been ill since Sunday afternoon.

MISS CONLEY AGAIN ARRESTED.

Circus Crews Invading Huron Cemetery Driven Out With a Club.

Kansas City, Kan., July 21.—Circus crews tramping the graves of her ancestors aroused Miss Helena Conley, one of three sisters who guard the Huron cemetery in Kansas City, Kan. She threatened the intruders with a club, which she brandished menacingly until arrested.

At police headquarters she asserted she could not bear to see the graves.

Hurt as He Saves Children.

Cottonwood Falls, Kan., July 21.—In an effort to check a team of runaway horses and save the lives of three children in the wagon to which the horses were hitched, John M. Komery, a farmer 60 years of age, was thrown beneath the plunging horses, run over by the wagon and is now in a serious condition.

NO WOMEN NEED APPLY.

Uncle Sam Prefers Men Even for Stenographers.

Washington, July 21.—Women stenographers apparently no longer are wanted in the government service. This announcement was made at the civil service commission in an effort to put a stop to the steadily increasing flood of letters from women throughout the country who seek information about an examination for stenographers to be held in all the states and territories. Practically all the various departments of the government are seeking to replace women stenographers with men on the ground that the latter are more amenable to discipline, are more easily transferred to places where their services are needed, and can more readily be drafted into other kinds of work.

TENEMENT DWELLERS IN PANIC

Three Hundred of Them Driven From Homes by Fire.

New York, July 21.—One person was killed, another is missing and 300 tenement dwellers were driven from their homes in a panic as a result of a fire which Tuesday morning burned out three upper floors of a seven-story factory building at Lewis and Irvington streets near the Manhattan end of the Williamsburg bridge. The dead man was Parrish, a watchman, whose burned body was found on the sixth floor, where he had fallen while trying to escape. An unnamed boy was given permission to spend the night on the roof is believed to have perished.

Though threatened the surrounding buildings were untouched by the flames and the panic-stricken tenants returned to their homes as soon as the fire had been extinguished. The monetary loss is comparatively small.

WANT JEFFRIES TO BOX.

Will Be Offered \$50,000 for Six Round Bout With Kaufman.

Los Angeles, Cal., July 21.—Word has been flashed by wireless to Billy Jeffries at Catalina Island, that Billy McCann, the Philadelphia boxing promoter, is ready to give the former champion \$50,000 to appear in a six round, no decision bout with Al Kaufman, at one of the Quaker City ball parks Labor day.

McCann is reported to have telegraphed the offer to a friend in this city with instructions to ascertain what the prospects might be to induce Jeffries to enter the ring with the other California fighter. McCann reported that Jeffries can choose between the lump sum or take 40 per cent of the gross receipts.

The Kind You Have Always Bought.

THIS is the caution applied to the public announcement of Castoria that has been manufactured under the supervision of Chas. H. Fletcher for over 30 years—the genuine Castoria. We respectfully call the attention of fathers and mothers when purchasing Castoria to see that the wrapper bears his signature in black. When the wrapper is removed the same signature appears on both sides of the bottle in red. Parents who have used Castoria for their little ones in the past years need no warning against counterfeits and imitations, but our present duty is to call the attention of the younger generation to the great danger of introducing into their families spurious medicines.

It is to be regretted that there are people who are now engaged in the nefarious business of putting up and selling all sorts of substitutes, or what should more properly be termed counterfeits, for medicinal preparations not only for adults, but worse yet, for children's medicines. It therefore devolves on the mother to scrutinize closely what she gives her child. Adults can do that for themselves but the child has to rely on the mother's watchfulness.

Letters from Prominent Druggists addressed to Chas. H. Fletcher.

Central Drug Co., of Detroit, Mich., says: "We consider your Castoria to be a class distinct from patent medicines and commend it."

Christy Drug Stores, of Pittsburg, Pa., say: "We have sold your Castoria for so many years with such satisfactory results that we cannot refrain from saying a good word for it when we get a chance."

Jacob Bros., of Philadelphia, Pa., say: "We take pleasure in recommending Fletcher's Castoria as one of the oldest and best of the preparations of the kind upon the market."

Hess & McCann, of Kansas City, Mo., say: "Your Castoria always gives satisfaction. We have no substitute for it and only sell 'The Kind You Have Always Bought,' the original."

The Voegell Bros., of Minneapolis, Minn., say: "We wish to say that we have at all times a large demand for Fletcher's Castoria at all of our three stores and that it gives universal satisfaction to our trade."

Polk Miller Drug Co., of Richmond, Va., says: "Your Castoria is one of the most satisfactory preparations we have ever handled. It seems to satisfy completely the public demand for such an article and is steadily creating a growing sale by its merit."

P. A. Capdau, of New Orleans, La., says: "We handle every good home remedy demanded by the public and while our shelves are thoroughly equipped with the best of drugs and proprietary articles, there are few if any which have the unceasing sale that your Castoria has."

M. C. Dow, of Cincinnati, Ohio, says: "When people in increasing numbers purchase a remedy and continue buying it for years; when it passes the fad or experimental stage and becomes a household necessity, then it can be said its worth has been firmly established. We can and do gladly offer this kind of commendation to Fletcher's Castoria."
